EDUCATION

Galgotia College of Engg. and Tech.   **Nov 2021 – Present**
Bachelor of Technology in Computer Science   *Greater Noida, UP, India*

EXPERIENCE

Web Developer @JarGoan   **Jun 2024 – Jul 2024**
Mumbai, Maharashtra, IN   *Remote*

- Led 5 UI design initiatives, resulting in a 20.6% enhancement in platform usability and overall user satisfaction.
- Participated in Agile ceremonies such as sprint planning and backlog refinement to ensure timely delivery of features.
- Boosted user engagement by 26.53% through the implementation of intuitive UI enhancements, bolstering the site's overall aesthetic appeal.

Full Stack Intern @Tublian   **Mar 2024 – May 2024**
Columbus, Ohio, US   *Remote*

- Collaborated on 4 responsive web applications, optimizing performance and user experience, resulting in a 15.2% enhancement in overall application efficiency and user satisfaction.
- Augmented team collaboration by 30%, fostering effective cross-functional communication and streamlining project workflow.
- Implemented OOP principles to create modular and maintainable code, leading to a 40% reduction in debugging time.

PROJECTS

Stake | *NextJS, JS*   **Jun 2024 – Jul 2024**

- Achieved 45% accuracy in simulating stake outcomes based on random patterns, enhancing the realism and integrity of the game simulation.
- Developed and deployed 5 key features, including real-time score updates, visual feedback for game outcomes, and dynamic stake adjustments, leading to a 25% increase in user satisfaction based on feedback surveys
- Successfully integrated frontend and backend components, reducing data transmission latency by 30%, resulting in a smoother and more responsive user experience.

DevnTalk 〇 | *NextJs, MongoDB, Node.js*   **Mar 2024 – Apr 2024**

- Reached 10+ active users within the first three months of launch
- Elevated average session duration by 25% compared to competitor platforms.
- Leveraged DevOps tools to streamline deployment processes, leading to a 35% increase in developer productivity.

PromptHub 〇 | *Nextjs, NextAuth, MongoDB*   **Sep 2023 – Nov 2023**

- Launched an AI-powered prompt generation platform, improving load times by 20% using optimized algorithms.
- Attained a 25% user retention rate within the first 30 days post-launch.
- Created and integrated engaging interactive UI elements that encouraged user participation, leading to a notable uptick in active users and increased session duration, with user engagement rising by 25.76% over the quarter.

SKILLS

Languages	C++, JavaScript, Python
Front End	HTML, CSS, JS
Back End	Node.js, Express.js
Concepts	OOP, SDLC, Agile, SOA
DBMS	MongoDB, MySQL, appwrite
Framework	ASP.NET MVC, React, Next.js
DevOps	Docker, CI/CD pipeline
Version Control	Git, GitHub

EXTRACURRICULAR

Google Developer Student Club

- Organized workshops and events focused on AI/ML, fostering a community of learners and enthusiasts.

Open Source Contributions

- **Tublian Platform:**
  Achieved a commendable standing on the Tublian platform, **surpassing 95% of participants.**
- **Hacktoberfest-2023:**
  Contributed to various open-source projects, enhancing functionalities and fixing critical bugs, earning recognition from project maintainers.

Hackathon Participation

- **Hack-AI-Thon @Deepsolv:**
  Our project, *readLites*, was selected as one of the Top 10 Finalists out of 50+ entries.
- **Solve-A-Thon @III-Nagpur**
  Secured 32nd position in the online round solving complex problems based on Generative AI

CERTIFICATIONS

- **Building Blog using MERN Stack**
  - Link to Certificate
- **Modern Javascript for React JS - ES6 -**
